Postural Analysis, Gait Analysis & Comfort Scale	✓
Photizo Light Therapy	✓
Therapeutic Exercise Prescription & Video Course	✓
Massage Techniques Video Course	✓
Lifestyle & Environment Advice	✓
Veterinary Liaison & Reporting	✓

The first appointment is a "meet & greet" where your dog can get to know me and feel comfortable in the treatment room without the pressure of a treatment.

Together, we complete a questionnaire about your dog, their health, their lifestyle, any injuries and your desired outcomes from the treatments.

Using videos and photos taken at the "meet & greet", I will complete an in-depth assessment and develop a treatment plan prior to the first hands on treatment.
